I want to call your attention to Darlene's email. Even the OPP IO experiences version control issues. 😊 The slides OPP used during the Town Hall were an outdated version where the OPP IO inadvertently left out EFED's shout outs and information on new staff. I hope you heard Ed verbally give EFED a shout out at the end of the meeting.

Also, great job on the song from the DDs!! I think we should have started the Town Hall with the song. So much energy, so appropriate, and so much fun. Thank you for making all our day a bit brighter.
